365 DAYS of our LIVES

Professor David L. Christianson, or "Chris" as he was fondly called by fellow professors and students, left behind quite an impression on a great number of friends and former students after his thirty-three years of teaching at Assumption College.

1934-1997

Whether people remember him by his wit and sense of humor, his love for foreign languages, or his dislike of modern technology, many will agree that Chris is someone who will never be forgotten. He treated his students as friends showing compassion and help to those who needed guidance. It is because of these qualities and affection that many students held for him that Heights 1998 is dedicated in the name of David L. Christianson.

Thanks for everything Prof. Chris, We'll miss you!

DAYS of our LIVES

Dr. Joseph H. Hagan, Fourteenth President of Assumption College, delivered these farewell remarks to an audience at Taylor Dining Hall, as recorded in the February 5, 1998 issue of *Le Provocateur*, by their staff.

"Assumption College community:

...In thanking the many people who have made these past twenty years so meaningful for myself and the College, I must pay a very special tribute to my wife Pat. She has been by my side through thick and thin, in good times and bad, and she has been my greatest source of inspiration and strength. I love her more than words can say. Her contribution, not only to my life, but also to the life of this college, has been enormous. All of us owe her a great debt of gratitude.

I am grateful to our trustees, not only for their consideration and generosity in regard to my retirement, but also for their guidance and support during the entire period of my presidency. We have a fine Board, and all of us can be thankful that it continues to play such an important role here at Assumption.

I also wish to thank the Assumptionists for their help and encouragement over the years. They are a fine group of priests and brothers, and their presence here is of enormous value. I have said often that we have the finest faculty of any small college in the country, and I am happy to repeat it now. Your concern for students and your dedication to the College are exemplary, and I thank you most sincerely.

My senior administrators and the other administrators have been faithful partners with me in the management of Assumption. I owe you a great debt for all you have done for me and for the school. We also have a wonderful staff, and I want to pay tribute to you for all your efforts which make possible the smooth operation of our day-to-day activities here.

Because we are all human and fallible, I wish to beg pardon and forgiveness of anyone I may have hurt or offended during my time here. I never deliberately or consciously set out to make life difficult for any of you, but if I have, please forgive me for it. For my part, I forgive totally any offenses against me. I leave with no bitterness or resentment but with gratitude and appreciation.

The record of what has been accomplished here since 1978 speaks for itself. It is unnecessary to specifically recount those successes here this afternoon. In brief, we have been faithful to the mission of this College as a Catholic institution of higher learning; we have stabilized and strengthened our financial position; we have increased our endowment from around $750,000 to approximately $30 million; we have raised millions of dollars in capital and annual funds; we have improved and sustained the morale of all those associated with the College; we have significantly increased salaries and benefits; we have increased applications and enrollment, having welcomed the largest freshman class in the College's history; we have built many new buildings and greatly improved our physical facilities; and most significantly, have strengthened our academic programs in a way that has been nationally recognized.

For Assumption College, I trust that the best is yet to come. A firm foundation has been laid for continued progress. It will be the task of new leadership to bring Assumption into the next millennium and to a place of prominence among our nation's great colleges and universities. Can it be done? Of course it can be done. I believe it with all my heart. You have only to seize the opportunity. I have done the very best I could. I have run the course and finished the race, but the challenge for Assumption remains. My thoughts and prayers will be with you always.

Thank you. God bless you. Goodbye."

Student Government Association

The 1997-1998 Student Government Association had yet another successful year in making its impression on Assumption College. SGA has worked to increase Assumption's academic standards, food service, and student life in general. This year SGA saw over eighty proposals brought forth to better the school's student and academic life. SGA also sponsored events such as Hound Day and Midnight Madness to put the spirit of the greyhounds in the students, and they succeeded.

The executive board of SGA includes: Carl Cafaro, President; Lisa Moulton, Vice President of Academic Affairs; Joseph Parrillo, Vice President of Student Life; Jeffrey Allain, Treasurer; and Anne-Marie Kenney, Senate Speaker

Campus Activities Board

With a general membership of approximately 65 students and an executive board of 12, the Campus Activities Board is one of the largest student-run organizations on campus. They are responsible for the entertainment of the entire campus. CAB organizes such events as Welcome Back Week, Plourde After Dark, Parent/Alumni Weekend, Siblings' Weekend, the Spring Concert, semi-formals, comedians, films, and coffeehouses.

Peer Tutors

The Peer Tutor Club is comprised of approximately fifty students who tutor in over twenty disciplines. Under the direction of Allen Bruehl, the Director of the Academic Support Center, the Peer Tutors attended the New England Peer Tutor Association conference. Many tutors had the opportunity to present at this and other conferences.

Reach Out Center

The Reach Out Center is a student-run program which coordinates the volunteer efforts of approximately one-third of the undergraduate students. Students provide services at local soup kitchens, schools, nursing homes, human services agencies, and more. They bring awareness to the Assumption community through projects such as Violence Awareness Week which brought the clothesline project to Assumption in February.

Senior Class Gift Committee

The Senior Class Gift Committee is made up of 50 seniors who work to raise money by soliciting fellow seniors. The senior class has shown enthusiastic support in voting for and raising $10,000 for the construction of an outdoor basketball court. The committe is lead by Chair, Stephen Tangney and the following Cochairs: Paul Tangney, Christopher Waldron, Allison Heaney, Jessica Powers, Kelly Jameson, Felix Trinidad, Lisa Moulton, Christopher Hodge, Jennifer Lefort, Michelle Micari & Matthew Doyle

Heights Yearbook

Heights Yearbook has a staff of approximately thirty students who work together, taking pictures and creating a book of memories for students to enjoy and remember Assumption College. Heights has undergone changes this year with a new office and two editors to share in making the yearbook memorable.

The Phoenix

The Phoenix Literary magazineis the annual journal produced by Assumption College. Entries to the Phoenix may include poetry, essays, short stories, black & white photos, and artwork. The publication is open to all students and final selections are made by the Phoenix staff. Editor in-Chief of The Phoenix 1998 is Abbey Dick.

'97 Orientation Leaders

Each year Assumption College is introduced to the incoming Freshman class at Freshman Orientation. The Freshman Orientation is run by a group of students that work, not only with the students, but also withtheir parents. It is the Orientation Leaders who ease the worries of the incoming students and build their excitement for the college life. The Orientation for the class of 2001 was led by chairperson Anne-Marie Kenney.

DAYS of our LIVES

Four years ago, at Freshmen Orientation, my group and I were introduced to Mark Greenfield, Assistant Director of Recreational Sports. We were told that he is the person to see if we ever needed anything- from intramural information to work study hours.

Four years later, I realize that Mark is more than just an "Assistant Director," he is a friend to all who know him. Even during the craziest of nights Mark takes time to listen to students. He's always ready with advice or a quick joke and he always seems to know which is needed most. He plays such a large part in the college experience of many students here.

On another level, Mark has a great impact on the recreational life at Assumption. Mark is in charge of our extremely successful intramural program. He is the mastermind behind all of the games, the tournaments, and the crazy slogans that the winners wear with pride on their T-shirts. It is because of Mark that our intramurals are as important to the school as our varsity sports. I would like to take this opportunity to thank Mark for all he has done, for the class of 1998 and for Assumption College.

Thank You Mark!!

Le Provocateur

We would like to thank Le Provocateur and its writers for the use of the following news stories that appeared in the Assumption College newspaper throughout the '97-'98 academic year.

Resnet, a new dorm, new pipes, new year...(aug.27.1997)

Erin O'Leary
Editor-in-Chief
Le Provocateur

A new residence hall, which has yet to be officially named, is under construction behind Wachusett Hall and is set to be completed by the summer of 1998. The new hall is a housing option for all sophomores, juniors, and seniors upon completion.

The concept behind the new hall, which was created by Vice-President for Student Life, J. Richard Christiansen, has been centered upon the idea of a living /learning environment. The goal of this atmosphere will be to "allow students with a particular, generally academic in nature, to join with other students in pursuing those interests outside of the classroom.

Being allowed residency in the dorm would be a reward to students who are seeking a broader academic experience, while at the same time, "working toward changing the climate of the whole residential community."

The five floor building will house 160 students divided into groups of four students per apartment. The appartments are planned to be designed with full amenities; kitchen, living room, bathroom, and two bedrooms (three bedrooms for resident assistants).The apartments will also be fully equiped with air conditioning, and the entire facility will be handicapped accessible.

Another major development on campus has been the implementation of the Resnet program. Thanks to Greater Media Cable, Comlink/Wiltel and the AC Computer Services Dept., students can now enjoy the benefits of cable television and internet access from the comfort of their rooms.

Assumption Celebrates 25 Years of Co-education

Jona Loring
Le Provocateur Staff

Back in 1969 when Assumption College welcomed its first class of female students, the women were greeted by male students holding roses.

In honor of Women's History Month, on March 3rd, Assumption held a panel presentation on the 25th anniversary of the first graduating class to include women. The presentation entitled, "Recalling Our Past: A 25th Anniversary Celebration of Assumption's First Coed Class," was coordinated by Regina Edmunds.

Brother Robert Beaulac spoke of the changes in the surroundings of the campus before and after women arrived and the challenges which were presented by having women on campus.

Students at Assumption share similar views as those of the panelists who spoke at the presentation.

"I think having a coed school was a good idea, I wouldn't have chosen to come to an all girls school because it isn't reality. In the real world, you have to deal with all kinds of people and going to a coed college enables me to feel this reality," states Kimberly Morrissette '01.

"Because of the diversity in the work place, it is important to be educated with all types of people. Incorporating females into the Assumption community was a step in the right direction for the college," contended Joe Parrillo '99.

Women have become not only a part of the college community but they make up over fifty percent of the undergraduate population as of the 97-98 academic year.

The End of an Era: President Hagan Says Goodbye to the College

On Tuesday, December 23, 1997, Dr. Joseph H. Hagan, Fouteenth President of Assumption College, served his last official day in Office. (For final Goodbye from President Hagan see page 6.)

It really is not that difficult... A Proposal to the Parking Problem

Erin O'Leary
Editor-in-Chief
Le Provocateur

It is no secret that way too many people at this school have cars. Drive up to A,B, and C dorms and take a look around. Cars are practically on top of one another, parked on islands and in fire lanes. Travel up to Wachusett and Worcester halls or down to the valley, and notice the endless sea of cars packed together like sardines.

A good start to the parking solution would be to limit the amount of students who have cars on campus. For example, the privileges to buy a parking permit should be available to seniors first, most of whom have internships or student teaching.

Next, the option would then be open to juniors, then sophomores, and if space is still available, freshmen.

Purchasing a parking sticker should be equivalent to buying a parking space in one designated area on campus, preferably, your dorm. Anything is better than the A,F,M,S,C mayhem taking place right now.

"We Have A Winner..." Dr. Thomas Plough accepts offer for Presidency of Assumption College

Aida Lembo
Le Provocateur Staff

After months of screening and interviews, the Presidential Search Committee has finally selected a new president for Assumption College.

Dr. Thomas Plough was elected by the Board of Trustees and will become the fifteenth presidents of Assumption. His term begins July 1st.

Plough comes all the way from North Dakota where he is currently the President of North Dakota State University in Fargo.

For many years, he served at Rochester Institute of Technology where, at various times, he held positions of Executive Vice President, Provost, and Vice President of Academic Affairs.

Students at NDSU who adore Plough attempted to convince him to stay by camping out on his front lawn!

He was also the chief administrative officer of Eisenhower Coolege for two years and the Dean of Students at Alma College for Five years.

Forty-two candidates had originally applied for the position from all parts of the country and from a variety of institutions.

The field was narrowed to thirteen top candidates from which eight were interviewed. From these eight, three finalists were chosent to come visit the campus and meet members of the college community.

During the last hour of their visit, there was a session held in the Hagan Campus Center in which students were able to ask questions to the candidates as well as learn a little more about their backgrounds.

Vice President for Academic Affairs, Lisa Moulten, said that Plough "Wasn't afraid to give his point-of-view. He told it like it was, he told the truth."

"Dr. Plough was not the kind of candidate who told us what we wanted to hear," said SGA President Carl Cafaro, the only student on the Presidential Search Committee.

Faith and self-esteem are the two most important things Plough believes he can give a student.

We anticipate his arrival and the beginning of a new legacy at Assumption College.

A.C. Says Goodbye to a Friend

Dickie Lennon
Heather Hughes
Le Provocateur Staff

A memorial for David L. Christianson, special friend and dedicated staff member at Assumption College, took place October 7, 1997 at the Chapel of the Holy Spirit.

Known to students as Professor Christianson, or "Chris", he was well-liked and accepted by those who surrounded him. Many of his fellow colleagues and students referred to him as a gentle, caring human being.

Christianson came to Worcester in 1964 after a year of teaching at the University of Texas. He also studied abroad in a French graduate program.

The Eulogy presented by a close friend and colleague, Professor George Aubin, remarked how he thought Chris had three true loves in life; teaching, languages, and the College.

Time was only wasted in Professor Christianson's eyes if there was nothing to be gained from it. He was truly a mentor and a friend who will always be watching over his students.

Close colleagues who participated in the ceremony said they would miss Chris deeply and will always remember what he had done for the entire Assumption community. His words of wisdom will be carried in the hearts and minds of all of his students, colleagues, and friends forever.

Alcohol Policy Clarified Once and for All

Sarah Sullivan
Le Provocateur Staff

Assumption College has taken stronger measures to control drinking and parties on campus.

Questions have been raised as to why the school has put an end to this. Indoor parties on weekends have also been more susceptible to being broken up.

Why is the school more strict? What can we do to still have fun and not break the rules?

The Massachusetts state law says that there are to be no open alcohol containers in public which is the reason for the rule at Assumption.

Although this may be the law, is Assumption considered a public street?

It is private property, therefore, it is an Assumption rule. If drinking were not allowed outdoors, there would be no alcohol served at Fenway Park, Foxboro Stadium, and outdoor bars.

In order for students not to get in trouble the best advice would be, obviously, do not attempt to drink anymore. We must follow the rules as much as we may dislike them.

It is legal to carry closed containers of alcohol outside. Just be sure not to crack one open without a roof over you. If students follow these rules then we will hopefully have a more enjoyable year.

A.C.Actors SHINE in "Noises Off" Live at the Maison, May 3,4,and 5!

Jamie Eaton
Le Provocateur Staff

On April 14 Dr. Maurice Plasse, Profess or television and theater arts took the front row of the Maison Auditorium to watch another intense rehearsal of "Noises Off."

This play within a play is a comedy that displays the zany, frustrating, and at times chaotic experiences that come with preparing a play.

Michael Henry '98 plays a British director, Lloyd, who has been hired to direct and American community theater group, which is, putting it moderately, a bit unorganized and imperfect in their trade.

The first act of this hysterical play is the company's last technical/ dress rehearsal.

The second act is a repetition of the first and takes place back stage before the actual performance.

Ty Skelton and Aida Lembo are acting directors and Joanna Sharp is the production manager.

Six of these actors are graduating seniors and "Noises Off" will be their farewell performance.

"I've been here for four years. I'm gonna miss this place, but I'm happy that this is the play that we're gonna end it all with. Everyone has put their hearts into it. It's the best way I could go out," says Chris

A.C.'s 'Fabulous Five' are #1 on and off the court

Brandy O'Brien
Le Provocateur Staff

The Fabulous Five. They are the starters of the Assumption College Men's Basketball Team.

They are Point Guard Andy Niedzwiecki '00, Captain Shooting Guard Steve St. Martin '98, Captain Center Kurt Hold '98, Forward Drew Cooper '99, and Forward Bryan '00.

They are different and extraordinary. None of these players were offered scholarships from other schools.

Niedzwiecki came to Assumption because it was free and he liked head Basketball coach Serge DeBari.

St. Martin's story is unique because he has a heart condition called Wenekebach. He can only play for a couple of minutes at a time before he needs to come out of the game.

St. Martin has appeared in magazines, "Swish," and "Sports Illustrated," as well as appeared in the Boston Globe and on radio shows.

Cooper came to Assumption from St. Xavier High School where he was not a member of the basketball team. He was one of sixty selected out of five hundred campers for All-Star Competition.

Moore transferred from Massoit Community College. He is the second lead rebounder in the conference.

Hold, who comes from South Africa, also came to Assumption for the scholarship.

"I really feel that Assumption has the best coaching staff in the country," said both Cooper and Niedzwiecki.

"We're not promising that we'll win every game, but we will play tremendously hard and give it everything we got," said St. Martin.

The Assumption College Women's Soccer team has finally crawled into the national rankings earning the 21st position in the National Soccer Coaches Associations of America N.C.A.A. Division II poll.

In the latest New England poll, the Greyhounds are ranked THIRD behind Franklin Pierce and New Hampshire College.

Greyhound Cheerleaders make school history at 1998 National Cheer-Off

Erin O'Leary
Editor-in-Chief
Le Provocateur

This year's Assumption College Cheerleaders will go down in history as the first Assumption team to ever compete at a national level, as the girls traveled down to Daytona Beach, Florida from April 1-5 for the National Cheerleading Competition.

The girls are proud to say that they placed thirteenth out of the twenty teams, an achievement that is very respectable for a team who has never competed at the national level before.

Greyhound Women's Hoop No.7 Nationally in Academics

The women's basketball team has been ranked SEVENTH in the Academic Top-25 Team Honor Roll as the Women's Basketball Coaches Association recognizes the nation's NCAA Division II team GPA's for the 1996-97 season. The Hounds posted a 3.37 GPA under coach Kerry Phare last year while improving their win-loss record from 6-19 to 13 14 and their GPA from 3.14 to 3.37. The Hounds were the only New ENgland team that made the top 25.

On May 1-2,1998, Assumption hosted the Softball Northeast-Ten Tournament.

American International College, Quinnipiac College, and Assumption were left in the tournament and played for an exiting two days. The results: Assumption won.

Assumption's record during the regular season was an unbelievable 33 wins, ten losses, and one tie.

A.C. Allies Club looks to provide education and smash stereotypes

Jared Maxwell
Le Provocateur Staff

The A.C. Allies Club has provided a hot topic for discussion across
campus. At A.C. Allies club meetings, people have a chance to confront the prejudices facing homosexuals and bi-sexuals. The club also operates as a support group for gays, lesbians, and bi-sexuals.

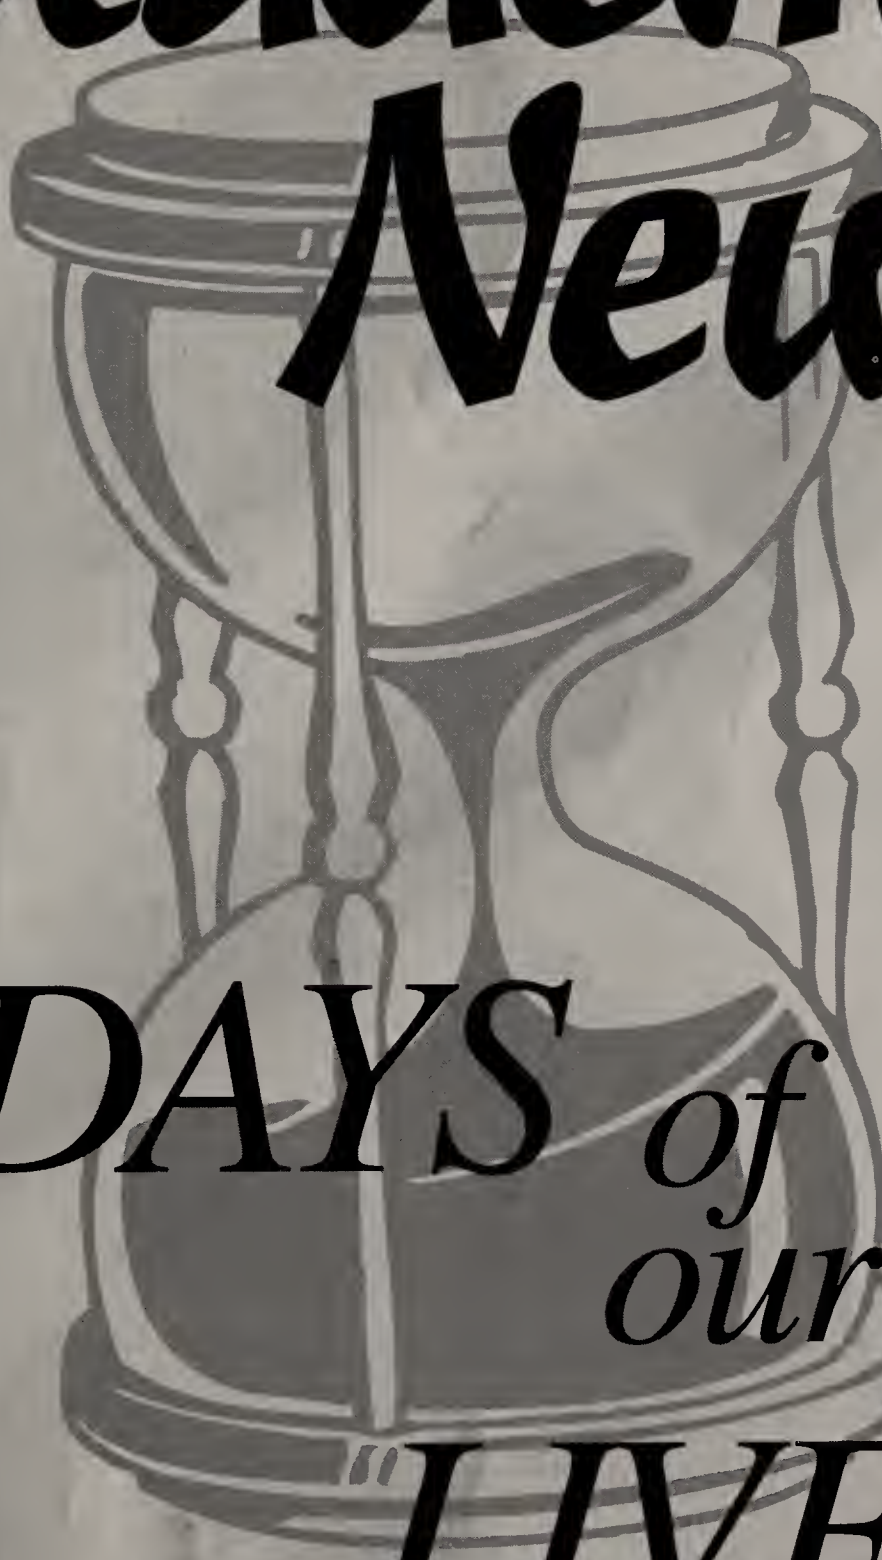

"I started the Allies group because I wanted to reach out to help other gays, lesbians, and bi-sexuals who are expe-riencing the pain and isolation I once felt," states Monica Harlow, the founder of the Allies group. "Only by helping them, by ameliorating their anguish, can I begin to make sense of the pain I've gone through."

"When you label people, you limit what you can learn from them. You point out someone who is different from you, but in a bad way," Harlow adds.

I told Monica that people often refer to the Bible as providing evidence that homosexuality is "wrong."

She responded, "Stories in the Bible can be used in many different contexts, interpreted in more ways which often render more than one interpretation."

Now we've seen everything, twice

Barry Gagne
Arts 'n Entertainment
Le Provocateur

It has been a great year in entertainment. New movies and revivals of old ones to go with the new music and comebacks of some greats.

We saw one of the best movies in a long time come along, but since it did not have a Titanic budget and huge marketing, it barely went noticed.

As Good as it Gets stared Jack Nicholson and Helen Hunt who both won Oscars and National Comedy Awards for the part.

The television screen saw the last of Beavis and Buthead, but the coming of South Park.

The other big loss to television is the hit show Seinfeld.

In music some groups left, and too many new ones came in. We lost Stone Temple Pilots, Soundgarden, the Black Crows, and Alice in Chains and got back some old hits like Fleetwood Mac. The Rolling Stones are still around, even though they are collecting social security.

Well the year has gone in a whirlwind, and it has been fun to enjoy. Many things happened, and many we would like to forget, but it has all been entertaining.

White House scandals leave students with varied opinions of Bill Clinton

Eileen Cusak
Le Provocateur Staff

The Clinton scandal is the hottest topic in the media. A recent poll was taken by the members of the Assumption College student body about the Clinton investigation. 20% of the students surveyed believe that all of the accusations against Clinton are true, while 68% believe that Clinton is guilty of only some of the accusations. Another 11% hold that none of the accusations are true.

The general consensus on campus is that Clinton's personal life is none of our business, and if the allegations are true, they do not affect his ability to be a good president.

"South Park"is the funniest show on television

Barry Gagne
Arts 'n Entertainment
Le Provocateur

"South Park," the show about four lovable young boys and the mischief they get into daily. Yeah right. This popular show is about four boys alright, but with vulgarities and insults flying all over the place, they are anything but cute and lovable. The story of Stan Marsh, Kyle Brozlovski, Kenny McCormick, and Eric Cartman touches on everything from Kyle's little brother being abducted by aliens to Stan's gay dog Sparky.

Strangling onto such extreme topics as Hitler and the KKK, to genetic engineering and alternate lifestyles, the show provides plenty of off base humor. Alcohol,sex, and violence are not spared at all here, especially when it comes to the children's mentor, Chef. The boys also have a transvestite teacher, Mr. Garrison, who controls a hand puppet.

There are also some tamer characters such as Jesus, who happens to have his own dial-in talk show, and Wendy , Stan's love interest.

With off-beat humor, cheesy graphics, and themes we can all relate to, Parker and Stone have managed to captivate the minds of many fans. Easily on of the most popular shows on campus.

DAYS of our LIVES

Suds n' Grub

Club Day

On September 25, 1997, the Student Government Association sponsored "Club Day". During the afternoon, several of Assumption's clubs and organizations provided information about their membership and activities. This event gave first year students the opportunity to sample some of the extra curricular activities that are available to them. Some of the clubs that had tables were: Campus Ministry, World Cultures Alliance, Assumption College Chorale, The Reach Out Center, CAB, and Heights Yearbook. "Club Day" was followed up by a barbecue hosted by Marriott and Taylor Dining Hall on the front lawn of the Hagan Campus Center. Throughout a day of information, food, music, and socializing, Assumption's Club Day was a huge success.

70's Dance

Saturday Night Fever! That was the mood of the night as underclassmen disco-ed the night away under glitter balls and strobe lights at the 70's dance on Saturday, Sept. 27, 1997. The junior class, led by president, Aida Lembo sponsored the event that drew in a crowd of 300 plus. They broke out the bell bottoms and the platforms and jammed to the tunes of Gloria Gaynor and The Bee Gees. The blast from the past was definitely a night to remember.

Midnight Madness

The spirit of the Hounds was in full force on the night of Midnight Madness. The night consisted of a pep rally that introduced the men's and women's basketball teams. The players demonstrated their technique on the court and the fans provided the encouragement and support in the Hound Pound. The Student Government Association, under the direction of Vice President of Student Life, Joe Parrillo organized the night which consisted of face painting and a Hoop it Up shooting competition among many other events that made the night a success.

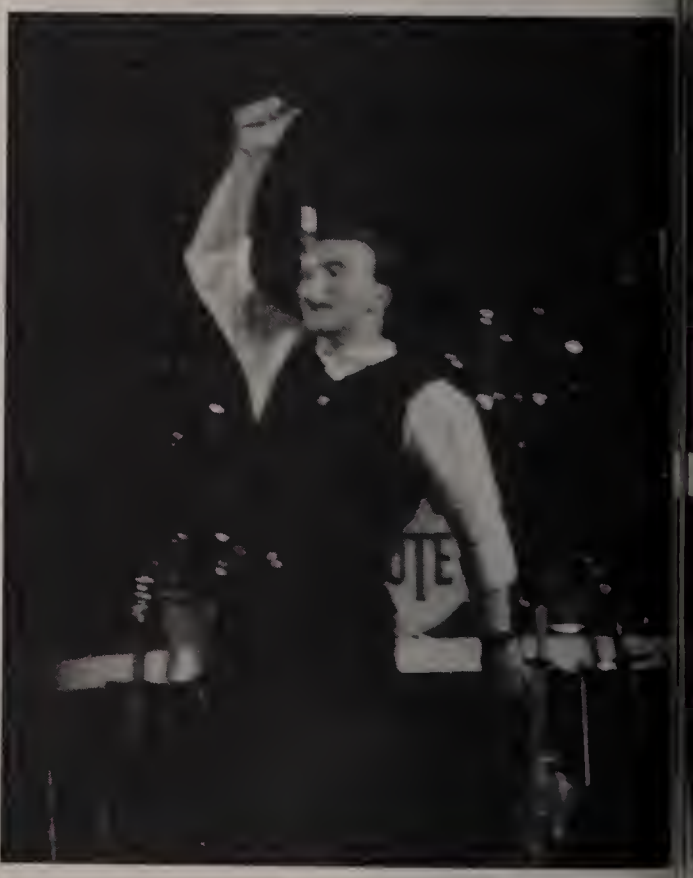

Parents' Weekend

On the weekend of October 24-26, 1997, parents and alumni returned once again to enjoy the festivities of PAW weekend. Events featured Club 21 "Under the Big Top" in the day during the football game, and events at night which featured "1964" a "Beatles" tribute band. Parents left the college smiling after the fun they had dancing with their children to the music.

The group rehearsed the musical, which is based on the teachings of the gospel of St. Matthew, for the semester and presented it with the theatrical direction of Mr. Richard Monroe. The lead role of Jesus was played by Assumption senior, Joe Tomaski. The musical was the highlight of the weekend, with a tremendous crowd and a phenomenal performance by the actors and singers.

Christmas Tree Lighting

Dan Marshal and 'Raise the Roof Entertainment' got buck wild and spun the latest tunes that the kids are listening to. It was a great night for those who could remember it !

Siblings' Weekend

February 27th through March 1st, better known as Siblings Weekend, was a big hit. This year's theme was Treasure Land and there were many activities to participate in. Friday night there was Tropical Bingo and the movie "Goonies" was shown. On Saturday, the activities were Arts &Crafts and the Crazy Carnival. Or you could take your siblings to see the men's basketball team win the NE-10 against Merrimack. Later that night was T-Bone Tom's Tropical Adventure. On Sunday it was time to go to Mass and brunch before the siblings went home. It was a very successful weekend.

TREASURELAND

Spring Ball

After Easter Break Assumption got back into the swing of things. On Friday April 17, Assumption graced Holden Hills Country Club yet again as they danced the night away for the Spring Ball. Limos filled up and carried Assumption's young men and women, who were dressed up all nice and swanky, down the street where they danced, ate, and drank untill it was time to take the big yellow buses back home again.

Spring Weekend Concert

On Friday April 24th Assumption kicked off their Spring Weekend. Later that night was the Spring Concert. The bands that played were: the Allstonians, Physical Graffiti, Itchy Fish and Strangefolk. This activity was enjoyed by the whole student body and it was opened to the general public. The concert was a huge success with an attendance of 1300.

Suds n' Grub II

On Saturday April 25th, in the midst of Spring Weekend '98, Assumption Seniors were on hand in large numbers for the return of the Grub. the 'Party in the Parking Lot' got everyone out of bed by early afternoon for some fun in the sun. The kegs were tapped and the food was plentiful for what turned out to be one of the best events of the year.

IMAGIN

"It seems wherever I go
People come into my life or go out of it
Touching me where I can feel
Then leaving me only a memory
like the fairytales of children
Easily forgotten
And I wasn't through knowing them

How do I know who I am seeing
for the last time
How do you halt your life
to gather and keep around you
those you have known?
And how do you keep the fairy tales
from losing their magic?

So come brush along the walls of my life
and stay long enough for us to know each other
Even though we'll have to part sometime
And we both know the longer you stay
The more I miss you when you are gone
But come anyway
For fairytales are the happiest stories we can read
And great books are made of little chapters"

Class of 1998

Sometime in between moving into the dorm,
And begging for an ID,
Somewhere in the middle of an 8 o'clock class,
And watching Friends on our 8 inch TV.

Sometime after the night you forgot,
With the guy you don't remember.
Maybe before the five tests in three days,
Or the party every night in September.

Sometime in the car on the way to Iowa,
For the roadtrip of the year.
After class gets out with that cute TA, After you
Finish the last warm beer.

Shortly after you've figured out,
This newfangled 'e-mail' thing,
And after you've stopped dreaming about,
The fun a 21 ID would bring.

Maybe the morning after you pulled the allnighter,
But finally got the paper done,
Or maybe when you can't remember,
The last Sunday night you had fun.

Somewhere between the day you met
Your dorm roommate, and you were sure
You got one of the duds,
And the day 4 years later when she's still
Your roommate, and she's one of your best buds.

Definitely after you realized how lucky you are,
To have such a great group of friends,
And after you get that sick feeling in your stomach,
Wondering what will happen when it ends.

Maybe on the beach for spring break,
Hot sun, tan bodies, cold beer.

Maybe after you started looking for a job,
And your happy world turns to fear.

Soon after you discovered there's just not
Enough time, to do everything you should.
But not before you realized Thanksgiving
Dinner, never tasted so good.

Sometime after the day your parents came to
Visit, so you were forced to make your bed.
Or the morning after a night at the bars, and
You can't believe the things you said.

Sometime after you enjoyed the beautiful
Weather, though it means missing a class.
Probably after Homecoming weekend,
Watching alumni drunk off their collective ass.

Sometime between day one and year four,
The best years of your life were spent.
And looking back with a smile and a sigh,
You wonder where those years went.

You try to figure out who made you a victim,
Of the most serious crime,
You offer a reward for any information
Leading, to who stole the time.

The day is coming closer, and closer,
Until one day it will be your last,
And someone is guilty of doing this to you,
The years have gone way too fast.

Sometime when you were too happy to notice,
Happy as a newborn pup,
Someone came along and did the unthinkable,
Someone grew up.

Mark Beauregard

Mark, Congratulations! You are a 1998 Assumption Graduate. You have succeeded through four long, arduous and challenging years. This truly is a great achievement. We know that there were many times that you thought the academic demands would never end. During these past four years, your Dad and I have watched you grow from a young teenager to a mature and responsible adult. Words cannot express how proud we are of your achievement. We also know that as the years progress, you will look back on your four years at Assumption as one of the best times. Although you have studied and worked hard, you also have made some wonderful friendships that will be with you always. We wish you much success as you move forward in your career.

Nicole Couture

Dear Nikki,
It was so hard to know when to hold on and when to let go since you took your first steps. We just had to hope that the start we gave you would be enough to see you through. On your own you have held fast to your convictions and matured into the wonderful person you are today. You have made us proud to be your parents and have brought more joy to our lives than we could have imagined. Hold on to your beliefs and stay as sweet as you are.

Carl Cafaro

You've only just begun to make a difference in this world,
One more conquest toward your future you have hurled.
Great things are done when man and mountain meet,
We know some day a mountain you will greet.
Filling the shoes of someone else is prone,
But you and only you walk in your own.
Carl, you're a special joy,
Making memories and bringing us pride,
Since you were a boy.

LOVE,
Mom, Dad & Mama

Kristy Campanile

Kristy, When you were a little baby, just holding you brought more joy and pride than words could ever express. Your little girl years, it was easy to tell what a beautiful person you were going to become. When you became a young lady, filled with excitement and ideas and ambition, the pride and love for you grew just as you did. I admired the way you always remained your own person and never followed the crowd. Even though you're all grown-up now, you're still an important part of my life and I hope we will always be close as when you were "my little girl." I can't take credit for the wonderful way you turned out. But I can - and do - take a great deal of pride in all that you have become. You may have been given Mom's eyes and Dad's smile but the commitment and achievement that represents Graduation Day is because of the special person that you are.

Love You,
Mom

Chandra A. Capone

Our princess, a daughter born after three sons, what a delight. You have never ceased to amaze us since your birth. One might think that you would be a sweet and dainty princess catered to by all, what a mistake! Being rough and ready was prerequisite to survival for you. Your brothers welcomed you without notice or respect for gender. Your father was always concerned that they would hurt his tender little pumpkin, but the reality was, they were recipient to far more bruising than yourself. Your recent disclosures revealed that our concerns of your being the self assigned "good one" were certainly unfounded, once again to our amazement. Your values and strength of character are a testimony to who you are and what you will become.

CONGRATULATIONS!

With love and great respect, Mom and Dad

Michael Benjamin Pogue

As you can see, Ben was eager to study the world before he was even two. I think that is why he has a very unique and specialized major at Assumption in Geography. As a toddler Ben would take his favorite encyclopedia to bed each night, whether he "studied" his book up-side down or right-side up, Ben wanted to know about everything. He hopes, by his major, that he will travel the world to better understand how the climate and weather effect the foundation of the planet.

Once upon a time...
There were fairy tales

and wonderful tales
yet to come.
May you live happily ever after!

Dad, Mom and John

Sharyn A. Rainey

Here you are, as a first grader
Now a college senior, many years later
You were adorable then, even cuter now
And graduating from college - you deserve a bow

We were always proud when you were a kid
Good grades along with the sports you did
But we're especially proud of the adult you've become,

And send all our love from your dad and your mom. Just remember we love you and we'll always care, And should you ever need us we'll always be there.

Gregory James Peter Smith

Love, Dad

"Congratulations, I know you'll spread success, love and happiness wherever you go."
Cara

You have helped
to teach me,

To guide me
on this often turning
road of life.

You have
been with me

through the good times
and the bad.

You have
comforted me
when I cried,

held me
when I was afraid,

and laughed
with me
when I was happy.

-Author Unknown

To all of our parents, families, and loved ones... we appreciate everything that you have done for us. We could not have come this far without you. Thank you.

I would like to give a special thanks to my staff who played a large part in completing this yearbook as well as helping me adjust to my new position halfway through the year. You know who you are, thank you. Thanks also to those of you who took time out over the summer to help with the book's completion, your help was immensely appreciated.

Thank you to Joe Golia for all of your help. You played a huge part in all of this and I don't know where to begin to thank you.

To my Co-Editors Donna & Shane; WE DID IT!! I'm glad the two of you were there to sweat with me over this. Thanks guys!

Thank you to the girls of 5G, 5E, and of course my roomies in 5H, and the guys of 210A/B. You are the best friends anyone can hope for . I love you all like family. Keep in touch!! Kelly and Amy, my roommates since it all began- You're my sisters, I hope that never changes.

To my family; Thank you Mom & Dad for all of your support and for EVERYTHING. I love you both too much for words.

And last but not least, the Class of 1998; I could not have had a better time this last four years. I am proud to be a member of such a great group of people. Good luck in whatever adventure you choose.

-Heather Hughes
Co-Editor-in-Chief

To the Yearbook Finance and Marketing Staff:

You have accomplished an incredible task this year. We started out with a brand new goal and no footsteps to follow. With your energy and enthusiasm, we have set new standards for the future.

This year our goal was to completely pay for last year's yearbook and try to put a small amount of money towards this year's book. Having raised approximately $20,000.00 in addition to the funds granted by Student Government, we exceeded our goal. At the end of this academic year we were able to put almost $10,000.00 towards this year's book. In addition, we have created a solid foundation for next year's staff.

Congratulations on a great achievement! Thank you very much for all of your time and dedication, and good luck in all your future endeavors.

Thank you,
Donna Nodson

To My Friends & Family:

As we put the finishing touches on the yearbook, I am actually able to see the last four years of my life laid out in front of me. At times the nostalgia has been overwhelming.

I miss you already: there's no one to argue over T.V. stations with, all of my clothes are exactly where I put them, no one is asking me to play with their hair, the constant hum of chatter is gone, there's no one to bother, there aren't other closets to check if I decide that I have nothing to wear, I am no longer one of the tallest people in my apartment.

Always remember: Cactus Pete's - trivia & Slimy, Thanksgiving dinners, Thursday night TV, Cancun, Room meetings, the leaning Christmas tree, Patriots vs. Jets, 3rd Floor Wachusett, 21st Birthdays (did *everyone* drink more than me on my birthday?), the funny smell coming from the kitchen, South Park, the couch in 6W, Bob Dylan/ Van Morrison Concert, What do you mean I never lived in 6W?

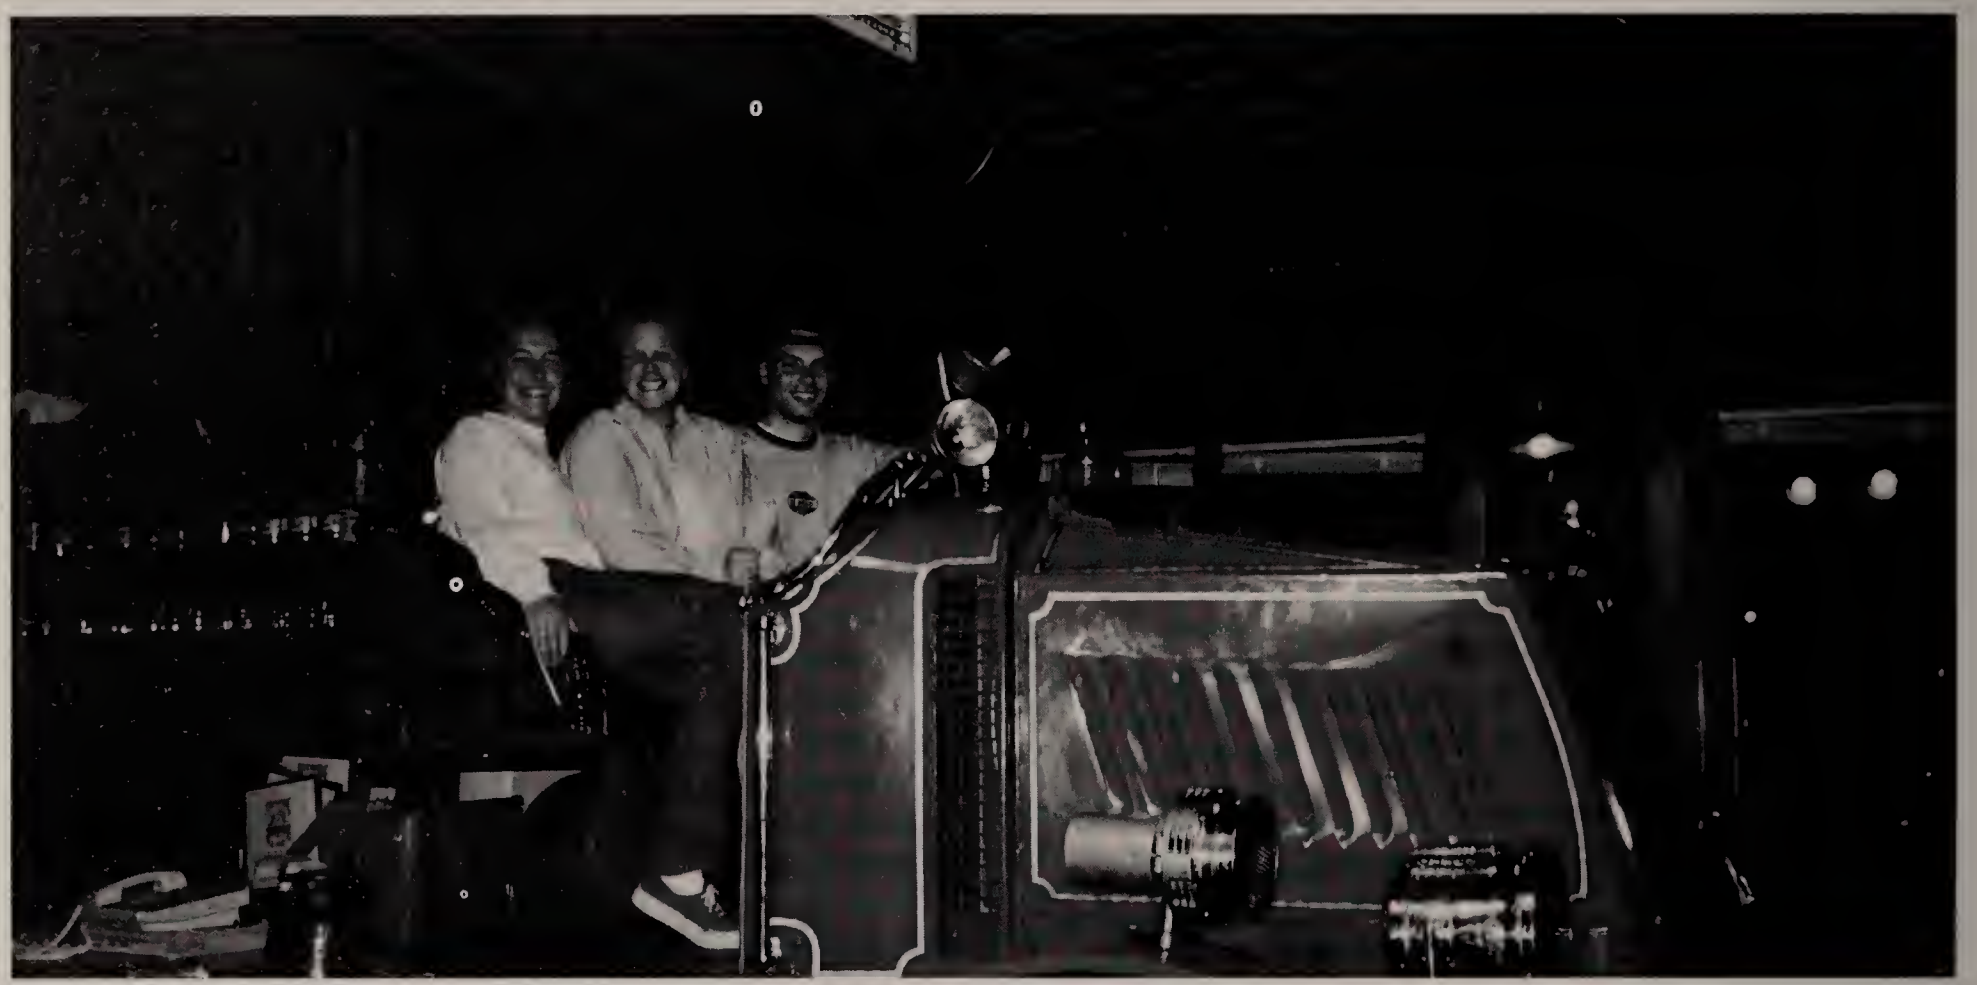

6C Chrissy -GetUp!HaveYouSeenMyClothes?Devine -Yes,IWillPlayW/Your HairFor$1. Jules -Late NightTV -history,nature,crime-ChooseYourTopic. Lefort -Leonardo isGay!AndI'mNotWearingBlackOn My22nd B-day!Suarez - It's10am;Rosie'sOn!Where'sYourOtherSock?

Thanks, Mom & Dad! You have always been supportive and loving. When you felt that I could do better, you pushed me to reach for the top. When I gave something my best and still could not succeed, you were there with comfort. Trish and John, you know I love you. And even if you both grow taller than me, I will always be the oldest!

Thanks to everyone. I couldn't have made it without you.

With all my love,
Donna

Thank You...

This edition of the Assumption College *Heights* yearbook was made possible because of the incredible dedication and hard work of co-editors Heather Hughes, Shane Kent, and Donna Nodson. On behalf of the entire class of 1998 I want to thank each of them for their continued commitment throughout the past year and especially during the two weeks following commencement.

Each of you should be very proud of the work you accomplished and what you have created. Your efforts will allow your fellow classmates, and the entire College community, the ability to celebrate the wonderful memories of the 1997-1998 Assumption College school year over and over again.

I wish nothing but the best for each of you. You will be missed.

Good Luck, God Bless, and Good Bye,

Your Friend, Joe

JOSTENS
